

JENNIFER "JEN" MORGAN

CONTEMPORARY ARTIST

(b. 1968, United States)

ARTIST PROFILE

Jennifer Morgan is a Louisiana-based contemporary fiber artist specializing in portraiture created through wet, Nuno, and needle felting. Working primarily with hand-blended natural fibers, she combines traditional felting processes with contemporary approaches to color, texture, dimensionality, and mixed-media embellishment. Through her evolving portrait practice, Morgan continues to expand the expressive possibilities of fiber within contemporary fine art.
